CHAIRMAN

NATIONAL PHARMACEUTICAL PRICING AUTHORITY

DEPARTMENT OF CHEMICALS & PETROCHEMICALS

MINISTRY OF CHEMICALS & FERTILIZERS

GOVT. OF INDIA

FOREWORD

The National Pharmaceutical Pricing Authority (NPPA) is mandated to fix and revise prices of Scheduled Bulk Drugs and their formulations under the Drugs (Price Control) Order, 1995 and to implement and enforce its provisions. One of the important tasks assigned to NPPA is collection of data and statistics relating to the Pharmaceutical Industry.

2. There is at present no authentic consolidated list of manufactures of pharmaceutical units in the country. There is, therefore, a need to bring out such a publication. NPPA has attempted this and we have pleasure in presenting the First

"Directory of Pharmaceutical Manufacturing Units in India, 2007,"

3. This Directory contains state-wise addresses of pharmaceutical manufacturers (both for bulk drugs and formulations) in alphabetical order, their telephone numbers, e-mail, websites, wherever possible, in an organized and 'user friendly' manner. These have been obtained from various sources such as frames of the Annual Survey of Industries (ASI), the All India Census of Small Scale Industries, The Indian Pharma Reference Guide, inputs from State Governments and others, including some relevant websites.

4. I wish to acknowledge the efforts put in by **Dr. Ashok K. Vishandass**, our Dy. Director General who has worked hard with meticulousness to bring out this publication. He has used unconventional and unorthodox methods for collecting and collating the information and compiled it in a user-friendly manner. His untiring efforts deserve appreciation. The contribution of Shri Piyush Goyal and Smt. Bhawana Agarwal, both of NIC, in giving software support is gratefully acknowledged.

5. I am sure the **"Directory of Pharmaceutical Manufacturing Unit in India, 2007"** would be informative and of use to various stakeholders and users.

6. Our best efforts notwithstanding, some errors may have crept in inadvertently considering the multiplicity of sources, lack of referenced data and also because this is the first attempt of consolidating information from different sources. Feedback regarding errors and omissions, alongwith suggestions for improvements in the next edition would be valued.

(Ashok Kumar)

Place: New Delhi

Date: 15th October, 2007

Prelude

The present publication entitled 'Directory of Pharmaceutical Manufacturing Units in India' presents names, addresses alongwith their telephone numbers, email/websites, wherever available, of **10563** pharmaceutical manufacturers across the country. These manufacturing units have been dichotomized into two broad camps viz. 'Formulation' and 'Bulk Drugs'. Within each of the two classes, the units have been arranged state-wise and then alphabetically within each state/UT. The state-wise and class-wise number of these units is given at the Annexure.

2. The shares of the first five states in terms of number of pharmaceutical manufacturing units, are presented in the Exhibit-I. It is noted that each of these five states account for more than 5% of total number of pharmaceutical manufacturers in the country.

Exhibit-I : State-wise Number of Manufacturers of Pharmaceutical Units in India

S.N	State	Number of Manufacturing Units			% Share	Cumulative % Share
		Formulation	Bulk Drugs	Total		
1	Maharashtra	1928	1211	3139	29.7	29.7
2	Gujarat	1129	397	1526	14.4	44.2
3	West Bengal	694	62	756	7.2	51.3
4	Andhra Pradesh	528	199	727	6.9	58.2
5	Tamil Nadu	472	98	570	5.4	63.6
6	Others	3423	422	3845	36.4	100.0
	Total	8174	2389	10563	100.0	

Note: States have been arranged in descending order of number of manufacturing units.

The concentration of pharmaceutical manufacturers in various states has been depicted in the Chart-I.

Chart I: Concentration of Pharmaceutical Manufacturing Units in India

3. Out of total 10563 pharmaceutical manufacturers in the country, 8174 or 77.4% manufacture 'formulation' drugs and remaining 22.6% are engaged in

Chart-II: Number of Formulation and Bulk Drugs Manufacturing Units in India

manufacturing of bulk drugs. The state-wise distribution of number of formulation and bulk drugs manufacturers is depicted in Chart-II. It is noted that while five states of Maharashtra (29.7%), Gujarat (14.4%), West Bengal (7.2%), Andhra Pradesh (6.9%) and Tamil Nadu (5.4%) account for about two-third of the total number of manufacturers, another twenty-two states/UTs account for a little over one-third of the pharmaceutical manufacturers in the country.
