

INTRODUCTION FROM THE FOUNDERS

WORLD HEALTH CONGRESS

21-22 AUGUST 2017 | HYDERABAD, INDIA

" The WHC is a DREAM COME TRUE . A great event with tremendous opportunity to learn and keep up with the forecasting knowledge base accompanied by different health care professionals together at once.

WHC has been planned with a phenomena of excellence for professional networking and a real place to be involved in practice. I am fortunate to have a team of top notch planning and execution for WHC . Waiting with zeal, for a great Endeavour to happen "

Shaik Farheen Ali,
CO – FOUNDER | WORLD HEALTH CONGRESS

KEY CONGRESS THEMES

“GLOBAL HEALTH STANDARDS AND INNOVATIVE HEALTH RESEARCH”

DISRUPTION & INNOVATION

Who will be the next Health care giant? **What role will drugs, data, the Internet of Things and other bleeding edge technologies play in the future of Healthcare?**

The 2017 World Health Congress will be focusing on those both inside and outside the industry who are thinking outside of the box and driving change forward.

TRANSFORMATION

With Healthcare evolving more rapidly than ever, the message that is increasingly coming through is “change or die.” Healthcare is becoming less about delivering things and becoming more about healthcare experiences, culture and dreams.

With this evolution comes restructuring and shifts both externally and internally for organisations. **How do leaders effectively transform their businesses?** What lessons can be learned from them?

LEADERSHIP & CULTURE

The digital age is forcing Healthcare to think differently and to look to disruptors for ideas on developing leadership and culture.

What should this look like? **How can we learn from Health care professionals already successfully implementing changes?**

WHAT'S NEW IN WHC

IDEAS FACTORY

A highly integrated programme of presentations designed to inform, inspire, excite and engage our audience of Healthcare leaders. The goal is to reboot their thoughts about the industry, their businesses and customers, leaving them with a fresh perspective and an armoury of new ideas.

THE HEALTH LAB

These comprehensive sessions on key healthcare areas are designed to provide tangible takeaways and encourage learning, knowledge sharing and debate. Think less speakers, greater insight

GLOBAL HEALTH CONNECTIONS

Building on the Congress' access to international Health leaders, these sessions will cover trends in key global regions and share insider knowledge from leaders that know them best

PRACTICAL LEARNING

You asked, we answered. The Congress will be presenting more inspirational, personal stories around transformation, leadership and lessons learned.

THE NEXT GENERATION

Looking to further engage and build the next generation of Medical, Dental and Pharma leaders, on top of its annual Future Health Challenge, the Congress will be hosting a masterclass for local students and opening the doors for the top 50 to attend the whole first day of the Congress.

HEALTHCARE IT

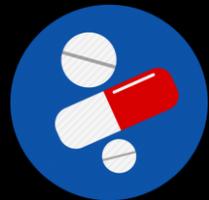

Bringing our overarching 2017 theme of 'Global Health Standards' to life, attendees will see a design of the Congress, with fresh formats, zones and experiences to enhance networking and learning across the two days, boosting the digital health access.

www.worldhealthcongress17.com

“

The World Health Award will grow to become highly sought after across the whole healthcare world. In recognising individuals and companies who are the benchmark for others, the event lifts the stature of the entire sector and encourages best practice across the globe. The quality of submissions and the competitive nature of the Awards program are indicative of the pedestal it will be upon.

”

Prof. Dr. Nazim Sekeroglu

GRAND JURY MEMBER | WORLD HEALTH AWARDS
CHAIRMAN | HPCC

HEALTHCARE'S NIGHT OF NIGHTS

One of the highlights of the World Health Congress and indeed the global Health calendar, the World Health Awards will take place on Tuesday, 22 August 2017 in Hyderabad. The luxurious JRC convention and trade fair will play host to more than 200 guests, where the 2017 winners will be announced in front of the esteemed audience.

Winning an Award aligns you with the world's most visionary, influential Healthcare provider's. The World Health Awards will, become an important benchmark of global excellence across Healthcare. With Healthcare sector changing ever-faster, we can only see that level of innovation leading to some powerful new solutions and we therefore look forward to receiving your entries for the 2017. World Health Awards.

BENEFITS OF ENTERING THE WORLD HEALTH AWARDS

Here's why you should enter in 2017:

Global exposure

Every World Health Award winner and finalist gains media exposure through a co-ordinated PR campaign. Your profile will be raised among some of the most influential people in the Health industry. In addition, 50 media and association partners will assist in promoting the Awards to a network of more than two million people.

Elite recognition

The Awards offer all Healthcare Provider's the unique opportunity to be recognised by their peers for the quality of their work and the impact of their ideas. Being shortlisted by the panel of esteemed judges adds third-party credibility to your presentation and is an excellent way to stand out from your competitors.

Prestigious award

The Awards offer a level playing field for all entrants regardless of size. Whether you are a entrepreneur, a budding presenter, a domestic or multinational Healthcare provider, all entries face the same judging process and are in with a chance to take home a designer trophy

DELEGATE CONCLAVE EXPLAINED

The Veni Vidi Vici

The program stands for - To come, to see and to conquer.

This is an innovative way of showcasing your special interest in coming up with an action for the current challenges in healthcare industry, Change is inevitable, therefore we need to take a stand and adapt the change in a non-excruciating way. Let's face them with our intellect. the conclave gives a chance to delegates to take part in envisioning a new way to cope up with the existing problems in the healthcare industry.

- 25 teams will be formed with each group consisting of 5 members.
- A specific challenge or issue would be given to the participants
- Each team will be given 15 min to brain storm & 10 min for making a Power Point presentation
- The teams are required to submit their presentations to the jury, among the 25 presentations the jury will select the 10 best.
- The 10 selected teams would be allowed to present their action for the challenge.
- One representative from each team has to reveal the key-word as an index from their content.
- Amongst the 25 revealed indices, the jury will select 10 best contestants.
- The 10 selected teams shall then give their action for the given challenge by the jury.
- The best solution shall be selected by the Jury and would be declared the winner
- So put on your thinking caps and get ready for some serious adventure through your ideas to set up your action for the development of global healthcare.

Note: Internet access shall also be given.
