Our Vision

To set up a world class institution that can provide high quality professional education to all, at a price everyone can afford.

About

T John College of Pharmacy started in the year 2004, is affiliated to RGUHS, approved by AICTE and recognized by PCI, New Delhi. The College aspires to stimulate a lasting attitude of inquiry, openness and social responsibility. It is committed to creating an atmosphere of intellectual curiosity, academic freedom, diversity and personal empowerment. The time of the students in our pharmacy college is rich and varied experience will indeed provide them with the skills and confidence they need for a successful career. In addition, particular emphasis is placed with regard to project work, assignments and industrial visits, hence thereby prepare graduates who specialize in this discipline to take their place as leaders in our noble profession.

Cases will be scrutinized by a panel of Judges which include physician & Clinical pharmacy experts. Time frame of 6+2 min will be allocated. All the presenters will be appreciated with a certificate. And the best presentation will be awarded.

Patient ID and Hospital inpatient ID will be kept confidential and should not be mentioned anywhere in the format.

Soft copy of the format can be downloaded from our college website
www.tjohncollege.com/osce-2.pdf

What is OSCE?

" A multidimensional practical examination of clinic skills, a tool for assessing clinical competence." OSCE is a versatile multipurpose evaluation tool that has been utilized to evaluate health care professionals in a clinical setting, since 1979. All medical setup in the UK, US, Canada & indeed almost all reputable colleges of medicine, use OSCE as their Standard mode of assessment for competency in clinical skills, counseling, complementing cognitive knowledge testing in writing & objective examination.

Purpose

1. It enhances better control over complexity of case with utilization of advanced clinical skills.
2. It enables to make prior decision on tests performed on patients with more valid and traditional approach.
3. To identify the objective, structure performance criteria in checklist to facilitate formative and summative assessment in health care professional education.
4. To improve application of clinical examination in structural pattern with sharpness in assessment and interpretation

WHO CAN ATTEND?

1. Pharm D (for presentation 4th year onwards)
2. M Pharm Clinical Practice
3. BDS
4. Teaching Faculty
