

# International Webinar on “Technological Advances in Neuropharmacology Research”

11<sup>th</sup> September 2020

Organized by: NGSM Institute of Pharmaceutical Sciences, Nitte (DU), Mangaluru, India

## Resource Persons

**Dr. Melanie I. Stefan**  
Lecturer,  
School of Biomedical Sciences,  
University of Edinburgh (UK)

**Dr. Srikumar BN**  
Associate Professor,  
Department of Neurophysiology,  
NIMHANS, Bengaluru, India

**Dr. Deepak Nair**  
Assistant Professor,  
Centre For Neuroscience,  
Indian Institute of Science (IISc), Bengaluru, India

**Dr. Harsha N Halahalli**  
Director,  
Curriculum Development,  
Nitte (DU), Mangaluru, India

## Opening Remarks

**Prof. (Dr.) M. S. Moodithaya**  
Pro Vice Chancellor  
Nitte (Deemed to be University)

## Convener

**Prof. (Dr.) C. S. Shastry**  
Principal, NGSMIPS  
Nitte (Deemed to be University)

## Coordinator

**Dr. M. Vijay Kumar**  
Asst Professor, NGSMIPS  
Nitte (Deemed to be University)

## Topics to be discussed:

- Computational models of synaptic chemistry in health and disease
- Translatability in Neuroscience Drug Discovery: What Role do Animal Models Play?
- Alteration in Nanoscale Organization of Beta Amyloidogenic Machinery during Alzheimer's Disease
- Dopamine and Serotonin in Decision Making

## Important information:

- Last Date for Registrations: 08-09-2020
- Registration fee: 200 INR
- Participation Limited to 250

## Bank Details

Bank : Canara Bank  
Account Name : Nitte Deemed to be University  
Account Number : 02452200032122  
Branch : ABSMIDS, Deralakatte  
IFSC Code : SYNB0000245

Payment can be done through NEFT or UPI

**WE ACCEPT ALL  
UPI PAYMENTS**

## Who can attend:

- Undergraduate, Postgraduate and Doctoral Students
- Biomedical Scientists involved in Preclinical Research
- Academicians of Health and Allied sciences
- Clinicians

E - Certificates will be issued to all the registered participants
